

Kenny D. Wilson

Full-Stack Web Developer

Email: kdwilbusiness@gmail.com Cell:1 (434)-228-1741

GitHub: <https://github.com/KensProjects>

Summary: I am a full-stack developer with a drive for creating apps and solving problems.

Skills: HTML / CSS / JavaScript + Typescript, React, Next.js, Vite, Express, Node.js, Tailwind CSS, MongoDB

Projects:

- Word Lookup
 - A dictionary app used to find definitions for an innumerable amount of common words.
 - Technologies Used – React, TypeScript, Tailwind CSS, Vite
 - Code: <https://github.com/KensProjects/word-lookup>
- List Maker
 - A full-stack app with authentication that functions as a simple note taking tool
 - Technologies Used – MongoDB, React, Express, Node.js, Tailwind CSS, Typescript
 - Code: <https://github.com/KensProjects/list-maker>

Experience:

- Full-Stack Web Developer (Student) - May 2022 – present
 - Utilized HTML / CSS / JS, as well as many frameworks and tools, such as React, Next.js, and Express, to build and refine skills, with the end goal of creating useful apps.
